

# Children's Health Study - Distributor Expenses

Any distributor that gets paid on a CHS order (through POB) will pay a proportionate share of the \$35.00 total contribution to the CHS foundation.

Base Fee = \$10.00 Paid Up Front (Remaining \$25.00 Fee is divided proportionately between "Ordering Distributor" and Upline). It is based on a percentage of commissions and bonuses from the sale that each of those distributors receive. This remaining fee will be divided by the payment method of the customer. Example: If the customer is on a 4 month installment, the additional contribution of \$25.00 is also divided by 4 months.
