

Juice Plus+ FACTS

Juice Plus+ Transformation

Ask Yourself

- Are you ready to make a non-radical leap to **OPTIMUM** health?
- Ready to achieve your ideal weight?
- Are you prepared to drastically change your body on a cellular level?
- Ready for some simple solutions for healthy/clean living?

Juice Plus+ is made from fresh, high-quality fruits and vegetables, and is carefully tested to ensure that no pesticides or other contaminants affect the natural purity of the product. The fruits and vegetables are juiced, and the juices are then concentrated into powders using a proprietary drying process that carefully maintains temperatures at levels that preserve as much of the original nutrient quality as possible.

All Juice Plus+ products are manufactured in certified facilities under the most exacting industry standards and are 100% compliant with all applicable regulations for foods and supplements. To independently verify this fact, both the manufacturing facilities and the products themselves (Juice Plus+ Orchard and Garden Blend capsules and Juice Plus+ Vineyard Blend capsules) have been tested and certified by NSF International's Good Manufacturing Practices programs and Product and Ingredient Certification programs.

**An Amazing Journey
to Your Best Health**

YOUR 6-WEEK

ROADMAP TO

VIBRANT

LIVING

“**Juice Plus+ Transformation**” is a simple plan that brings immediate results and last a lifetime with simple, affordable maintenance.

Our program helps transform our bodies by incorporating the power of whole foods into our diets for healthy life-long living.

The initial 6 week journey helps us make lifelong changes by stimulating a “Metabolic Reprogramming”: when you give your body the nutrients it needs and wants, you start to desire healthier foods. The more whole foods we put in your bodies, the better they are able to do what they were designed to do..... Thrive!

With this program, you may experience better energy, quality sleep, mental clarity, clearer skin, healthier nails and hair, diminished carbohydrate and sugar cravings, improved digestion and elimination, balanced hormones, improved immunity and better workouts and recovery.

Your weight will also move in the right direction as your body becomes healthier one cell at a time, and as your body is empowered to become cleaner because of your cleaner eating.

Just One of the many Transformers' Journey...

Kevin, age 17, began drinking 2 Complete shakes a day over a year ago. After a few weeks, his body was craving more fruits and vegetables, which left his parents stunned. Before they knew it, he asked to begin taking Juice Plus+ capsules. Within a month, he traded playing his video games hours a day for going to the gym and playing competitive basketball with his buddies for hours on end. During his transformation, his cravings changed to primarily whole foods, his mild acne cleared, he lost 35 pounds and 7 inches in his waist, while gaining muscle mass (going from 24% to 11% body fat) and his athletic performance improved dramatically.
