

INSPIRING Healthy Living

BY Juice PLUS+

Our "*Healthy Living Partner*" plan helps you offset the cost of your family's Juice Plus+. Just register with The Juice Plus+ Company for a \$50 yearly membership and share Juice Plus+ with a friend or family member to earn a "Thank You" bonus and more.

Registering with Juice Plus+, you will receive a rebate on your family's orders. Most of us start with the Trio capsules and a box of Complete (with or without the Family Health Study – see below). The initial rebate on these orders is \$55, which covers your membership fee; and you will receive the same rebate every 4 months.

You can further offset the cost of your Juice Plus+; we can help you share Juice Plus+ with a friend or family member. Enroll just ONE customer (or more) and accumulate 500 points in 30 days and you will receive a \$100 bonus plus more than \$100 in rebates on all orders, as well as a further 6% discount on your future Juice Plus+ product orders.

500 Points? Juice Plus+ Trio (169) JP+ Duo (106), JP+ Omega (78), JP+ Complete (70).

When combined with our **Family Health Study**, the "*Healthy Living Partner*" plan (HLP) is especially powerful:

Let's understand the savings available through our Family Health Study (where "kids eat Juice Plus+ free"), in addition to the health benefits.

Here are two typical scenarios:

1. A parent with one child (aged 4-12) in the Children's Health Study spends \$46.25 per month for the Orchard & Garden Blend capsules (plus tax if applicable, including \$1.75 shipping for the free Juice Plus+ chewables) for *monthly savings of \$22.75 PLUS the HLP Rebate (above)*.
2. Two parents with 2 children in the Children's Health Study (one aged 4-12 receiving chewables and one 13-to-college age receiving capsules) spend \$92.50 per month for Orchard & Garden Blend capsules (plus tax if applicable, including \$3.50 shipping for the free Juice Plus+) for *monthly savings of \$65.50 PLUS the HLP Rebate (above)*.
